World Psychic – LaMont Hamilton

Complete World Psychic Predictions for 2015 2016

Welcome to the First complete 2015-2016 World Psychic Predictions website!

No other Psychic, or Clairvoyant on the planet has posted more original future World Predictions covering a wider range of topics than Professional Psychic, LaMont Hamilton!

*****SPECIAL*****

Thank You! for all of the wonderful readers of articles By noted author, [Stephen Wagner](#) on Paranormal.About. Com, that return year after year to read my website blogs and predictions.

Due to the stressed economy & subsequent hardship it brings to a lot of my readers, I've brought back the 1-2 question format \$20.00 reading for a limited time to help those individuals with a financial need. You can read more about it on the "SERVICES" page at the top of the menu buttons above my name.

You can find your Psychic predictions for 2015 and beyond, here on this website. Everything that you see listed is my Original content and Copyrighted material and is Psychic information that is not copied or found anywhere else on the Internet. I am the author and sole source of every Prediction on this site, whereas, many other sites copy or collect predictions from various sources and post them on their pages including copying the ones that I created.

How I see my World Predictions:

I'm an Empath and a Clairvoyant, that means I learn and understand everything through my own personal experiences. I see everything while awake in images and visions and interpret them mostly from Intuition using no tools, cards, props, or instruments.

Unlike Nostradamus (*Michel de Nostradamus*) whom made his predictions in quatrains or cryptic verses. My visions and predictions are based on what you'll probably hear or see in news headlines, I didn't intend for them to come out that way but that's the unique way that they were revealed to me.

Some people refer to me as "***The Headline Psychic***" since most of my predictions resembled or show up in headlines, but others that have known me longer see me as "***The Baby Psychic***" since I read a lot of unborn children either while still in Spirit or prenatal to bring special messages to their parents.....Visit the Blog section below for more interesting stories and experiences that may help you..

My prediction abilities are a God-given talent and I take no credit for their creation. While many of my visions do take place or come true, I still make some mistakes in interpreting what I see since everything is conveyed to me in still images which can either be symbolic or literal in meaning.

Even though many Psychics can use Astrology, Tarot cards, Runes, Tea leaves, Automatic Writing, Dreams, Auras, or other tools, it doesn't mean that their information is 'less' valid, in fact, it can be just as insightful as mine, but I have a unique ability to pull predictions out of thin air at any time which can number as low as 10 or as high as 75. That's how I write each Prediction Series and explains why some are shorter than others...

The VIP Private Predictions Blog site is for those people who are interested in knowing what will happen in the

near future (the chaos in the Middle East, earthquake predictions for the US, the coming unrest in the world, and Special Predictions that I won't make public) with over hundreds of new predictions not found in my other blogs.

All I request is that a minimum \$25 or more Donation for a calendar year (or \$50 or more for a Charter membership to all future blogs for free) be made to my Healing Ministry in order to access the Blogs which started back in Jan 2011 .(This also affords you the opportunity to ask personal questions directly to me about my predictions that I will answer as time allows).

Once the Donation is made you'll receive the password by email within 24-48 hrs.

(*****NOTE***** . if you haven't received your email within 48 hrs, please check your spam folder if using AOL, MSN, Hotmail, Comcast, a Blackberry, or others, or email me directly).
